

CRITICAL INFORMATION SUMMARY

Business Wireless Broadband

JULY 15, 2016

THE SIGNAL CONNECTIONS PTY. LTD.

Information About the Service – Business

Description of the service

The Signal Co. business wireless broadband service is a fixed wireless broadband service, providing you with a high-speed wireless Internet connection. This link is delivered over our wireless network infrastructure, without requiring the connection of a phone line or the use of fixed wired services.

The service will be provisioned to deliver a maximum 20Mbps download speed and 20Mbps upload speed. You will not be able to achieve this maximum speed all of the time. Your speed will likely be affected by load on the network, local conditions and your hardware or software.

Please see more information on the service in the Service Description and Customer Service Agreement available online at: <https://thesignalco.com.au/legal>

Requirements

You need a compatible broadband router to connect to the service.

Other Information

Data Usage

Your data usage is calculated using your downloads only. If you go over this allowance your service speed will be reduced to 4 mbps until the end of the billing period. There is no charge for going over your quota.

If your service does not have a defined download quota, you will not be shaped.

You may choose to top up your data allowance for the rest of the billing period by visiting our website and purchasing a top up, a top up must also cover usage used whilst shaped.

Track Your Usage

You can monitor your monthly wireless broadband data usage by signing into your Account via our website <https://thesignalco.com.au>

We will send you an email to the email address you provided when you registered, advising when your usage reaches 50%, 85% and 100% of your monthly allowance.

Usage periods are calculated using your service renewal or anniversary date.
